12 CHAPTER 2.5. COUNTY SERVICE AREAS

13
14 Article 1. General Provisions

15
16 25210. This chapter shall be known and may be cited as the
17 County Service Area Law.

18 25210.1. The Legislature finds and declares all of the following:

19 (a) Population growth and development in unincorporated areas
20 result in new and increased demands for public facilities and
21 services that promote the public peace, health, safety, and general
22 welfare.

23 (b) The residents and property owners in unincorporated areas
24 should have reasonable methods available so that they can finance
25 and provide these needed public facilities and services.

26 (c) The residents and property owners in some unincorporated
27 areas may propose the incorporation of new cities or annexations
28 to existing cities as a way to fulfill these demands for public
29 facilities and services.

30 (d) In other unincorporated areas, independent special districts
31 with directly elected or appointed governing boards can fulfill
32 these demands for public facilities and services.

33 (e) County boards of supervisors need alternative organizations
34 and methods to finance and provide needed public facilities and
35 services to the residents and property owners of unincorporated
36 areas.

37 (f) In enacting the County Service Area Law by this chapter, it
38 is the intent of the Legislature to continue a broad statutory
39 authority for county boards of supervisors to use county service

1 areas as a method to finance and provide needed public facilities
2 and services.

3 (g) Further, it is the intent of the Legislature that county boards
4 of supervisors, residents, and property owners use the powers and
5 procedures provided by the County Service Area Law to meet the
6 diversity of local conditions, circumstances, and resources.

7 25210.2. Unless the context requires otherwise, as used in this
8 chapter, the following terms shall have the following meanings:

14 Reorganization Act of 2000, Division 3 (commencing with Section
15 56000) of Title 5.

16 (c) “County service area” means a county service area formed
17 pursuant to this chapter or any of its statutory predecessors.

20 unnatural movement of land or earth.

22 reside 12 or more registered voters. All other territory shall be
23 deemed “uninhabited.”

24 (f) “Landowner” or “owner of land” means all of the following:

25 (1) Any person shown as the owner of land on the county’s most
26 recent assessment roll, except where that person is no longer the

28 or owner of land is any person entitled to be shown as the owner
29 of land on the next assessment roll.

30 (2) Where land is subject to a recorded written agreement of
31 sale, any person shown in the agreement as purchaser.

32 (3) Any public agency owning land, provided that a public
33 agency which owns highways, rights-of-way, easements,
34 waterways, or canals shall not be deemed a landowner or owner
35 of land.

36 (g) “Latent power” means any service or facility authorized by
37 Article 4 (commencing with Section 25213) that the local agency
38 formation commission has determined, pursuant to subdivision

8 25210.1) as added by Chapter 858 of the Statutes of 1953, and as
9 subsequently amended.

10 (b) Any county service area established pursuant to the former
11 Chapter 2.2 which was in existence on January 1, 2009, shall

22 board taken pursuant to the former Chapter 2.2 (commencing with
23 Section 25210.1) before January 1, 2009, shall not be impaired or
24 voided solely because of the enactment of this chapter or any error,
25 omission, informality, misnomer, or inconsistency with this
26 chapter.

27 (e) Any approval or determination, including, but not limited
28 to, terms and conditions made with respect to a county service area
29 by a local agency formation commission before January 1, 2009,
30 shall remain in full force and effect.

31 25210.4. This chapter shall be liberally construed to effectuate
32 its purposes.

33 25210.5. If any provision of this chapter or the application of
34 any provision of this chapter in any circumstance or to any person,
35 county, city, special district, school district, the state, or any agency
36 or subdivision of the state is held invalid, that invalidity shall not
37 affect other provisions or applications of this chapter which can
38 be given effect without the invalid provision or application of the
39 invalid provision, and to this end the provisions of this chapter are
40 severable.

1 25210.6. (a) Any action to determine the validity of the
2 organization of a county service area or zone shall be brought
3 pursuant to Chapter 9 (commencing with Section 860) of Title 10
4 of Part 2 of the Code of Civil Procedure.

5 (b) Any action to determine the validity of any bonds, warrants,
6 contracts, obligations, or evidence of indebtedness of a county

14 or resolution shall be brought pursuant to Chapter 9 (commencing
15 with Section 860) of Title 10 of Part 2 of the Code of Civil
16 Procedure.

17 (ii) If an ordinance or resolution provides for an automatic
18 adjustment in an assessment, charge, or fee, and the automatic
19 adjustment results in an increase in the amount of an assessment,
20 charge, or fee, any action or proceeding to attack, review, set aside,
21 void, or annul the increase shall be commenced within 60 days of
22 the effective date of the increase.

23 (iii) Any appeal from a final judgment in the action or
24 proceeding brought pursuant to this subdivision shall be filed
25 within 30 days after entry of the judgment.

29 Procedure.

30 25210.7. (a) Territory, whether contiguous or noncontiguous,
31 in the unincorporated area of a single county may be included in
32 a county service area.

33 (b) A county service area that includes the entire unincorporated
34 area of a county may be formed to provide any or all of the services
35 and facilities authorized by this chapter if the county does not
36 provide those services and facilities to the same extent to the entire
37 area of the county.

38 (c) All or any part of a city may be included in a county service
39 area only if the city council gives its consent, as provided in this
40 chapter. The executive officer of a local agency formation

1 commission shall not issue a certificate of filing pursuant to Section
2 56658 for an application for an annexation of incorporated territory
3 to a county service area or a reorganization that would result in
4 the annexation of incorporated territory to a county service area,
5 unless the application is accompanied by a resolution adopted by
6 the city council of the affected city that consents to the annexation
7 of that incorporated territory.

8 (d) Land devoted primarily to the commercial production of
9 agricultural products, timber, or livestock may be included in a
10 county service area only if that land is contiguous to other land
11 within the county service area and only if the land will benefit
12 from the services and facilities that the county service area
13 provides. A local agency formation commission shall not approve
14 any change of organization or reorganization that would result in
15 the inclusion of land devoted primarily to the commercial
16 production of agricultural products, timber, or livestock in a county
17 service area unless the board finds that the land will benefit from
18 the services and facilities that the county service area provides.

19 (e) Except as provided in this chapter, the
20 Cortese-Knox-Hertzberg Local Government Reorganization Act
21 of 2000 (Division 3 (commencing with Section 56000) of Title 5)
22 shall govern any change of organization or reorganization of a
23 county service area. In the case of any conflict between that
24 division or this chapter, the provisions of this chapter shall prevail.

25 (f) A county service area shall not be deemed an “independent
26 special district” as defined by Section 56044 and as that term is
27 used in the Cortese-Knox-Hertzberg Local Government
28 Reorganization Act of 2000 (Division 3 (commencing with Section
29 56000) of Title 5).

30 (g) Whenever the boundaries of an improvement zone change,
31 a county shall comply with Chapter 8 (commencing with Section
32 54900) of Part 1 of Division 2 of Title 5.

33 25210.8. (a) Except as otherwise provided in this chapter,
34 elections for a county service area or zone are subject to the
35 Uniform District Election Law (Part 4 (commencing with Section
36 10500) of Division 10 of the Elections Code).

37 (b) A county may conduct any election for a county service area
38 or zone by all-mailed ballots pursuant to Division 4 (commencing
39 with Section 4000) of the Elections Code.

1 (c) A county may hold advisory elections for a county service
2 area or zone pursuant to Section 9603 of the Elections Code.

3
4 Article 2. Formation

5
6 25211. A new county service area may be formed pursuant to
7 this article.

8 25211.1. (a) A proposal to form a new county service area
9 may be made by petition. The petition shall do all of the things
10 required by Section 56700. In addition, the petition shall do all of
11 the following:

12 (1) State which services it is proposed that the county service
13 area be authorized to provide upon formation.

14 (2) Set forth the proposed methods by which the county service
15 area will finance those services, including, but not limited to,

19 shall have the words “County Service Area” within its name.

20 (b) The petitions, the proponents, and the procedures for
21 certifying the sufficiency of the petitions shall comply with Chapter
22 2 (commencing with Section 56700) of Part 3 of Division 5. In
23 the case of any conflict between that chapter and this article, the
24 provisions of this article shall prevail.

25 (c) As determined by the local agency formation commission,
26 the petition shall be signed by not less than either:

27 (1) Twenty-five percent of the registered voters living in the
28 area to be included in the county service area.

29 (2) Twenty-five percent of the number of owners of land who
30 own not less than 25 percent of the assessed value of land within
31 the area to be included in the county service area.

32 25211.2. (a) Before circulating any petition, the proponents
33 shall publish a notice of intention which shall include a written
34 statement not to exceed 500 words in length, setting forth the
35 reasons for forming the county service area, the proposed services
36 and facilities that the county service area will provide, and the
37 proposed methods by which the county service area will be
38 financed. The notice shall be published pursuant to Section 6061
39 in one or more newspapers of general circulation within the
40 territory proposed to be included within the county service area.

(b) The notice shall be signed by one or more petitioners, and shall be in substantially the following form:

“Notice of Intent to Circulate Petition.

“Notice is hereby given of the intention to circulate a petition to form the _____ [number or distinctive name of the county service area]. The reasons for forming the proposed county service area are: _____. The proposed services and facilities that the county service area will provide are: _____. The proposed method(s) by which the county service area will finance those services and facilities are: _____.”

(c) Within five days after the date of publication, the proponents shall file with the executive officer of the local agency formation commission and the clerk of the board of supervisors a copy of the notice together with an affidavit made by a representative of the newspaper or newspapers in which the notice was published certifying to the fact of the publication.

(d) After the filing required by subdivision (c), the petition may be circulated for signatures.

25211.3. (a) A proposal to form a new county service area may also be made by the adoption of a resolution of application by the board of supervisors. Except for the provisions regarding the signers, the signatures, and the proponents, a resolution of application shall contain all of the matters specified for a petition in Section 25211.1.

(b) Before adopting a resolution of application, the board of supervisors shall hold a public hearing on the resolution. Notice of the hearing shall be published pursuant to Section 6061. At least 20 days before the hearing, the board of supervisors shall give mailed notice of its hearing to the executive officer of the local agency formation commission. The notice shall generally describe the proposed formation of the county service area, the territory proposed to be included in the county service area, and the proposed methods of financing the services and facilities.

(c) The clerk of the board of supervisors shall file a certified copy of the resolution of application with the executive officer of the local agency formation commission.

25211.4. (a) Once the proponents have filed a sufficient petition or a board of supervisors has filed a resolution of

1 application, the local agency formation commission shall proceed
2 pursuant to Part 3 (commencing with Section 56650) of Division
3 3 of Title 5.

4 (b) (1) Notwithstanding any other provision of law, a local
5 agency formation commission shall not approve a proposal that
6 includes the formation of a county service area unless the
7 commission determines that the proposed county service area will
8 have sufficient revenues to carry out its purposes.

9 (2) Notwithstanding paragraph (1), a local agency formation
10 commission may approve a proposal that includes the formation
11 of a county service area where the commission has determined
12 that the proposed county service area will not have sufficient
13 revenue provided that the commission conditions its approval on
14 the concurrent approval of special taxes, benefit assessments, or
15 property-related fees or charges that will generate those sufficient
16 revenues. In approving the proposal, the commission shall provide
17 that if the voters or property owners do not approve the special
18 taxes, benefit assessments, or property-related fees or charges, the
19 proposed county service area shall not be formed.

20 (c) (1) Notwithstanding any other provision of law, a local
21 agency formation commission shall not approve a proposal that
22 includes the formation of a county service area that would include
23 territory within a city unless, before the close of the commission's
24 hearing, the city council has filed and not withdrawn a resolution
25 that consents to the inclusion of that incorporated territory.

26 (2) Notwithstanding paragraph (1), a local agency formation
27 commission may approve a proposal that includes the formation
28 of a county service area that proposes to include territory within
29 a city if the city council has not consented to the inclusion of that
30 incorporated territory provided that the commission modifies the
31 boundaries of the proposed county service area to exclude that
32 incorporated territory.

33 (d) Notwithstanding any other provision of law, a local agency
34 formation commission shall not approve a proposal that includes
35 the formation of a county service area if, before the close of the
36 commission's hearing, the board of supervisors has filed and not
37 withdrawn a resolution that objects to the formation of that county
38 service area.

39 (e) If the local agency formation commission approves the
40 proposal for the formation of a county service area, then the

1 commission shall proceed pursuant to Part 4 (commencing with
2 Section 57000) of Division 3 of Title 5.

3 (f) The local agency formation commission shall take one of
4 the following actions:

5 (1) If a majority protest exists in accordance with Section 57078,
6 the commission shall terminate proceedings.

7 (2) If no majority protest exists, the commission shall do one
8 of the following:

9 (A) Order the formation without an election where all of the
10 following apply:

11 (i) The territory within the proposed county service area is not
12 inhabited territory.

13 (ii) All of the owners of land within the proposed county service
14 area have given their written consent to the formation of the
15 proposed county service area.

16 (iii) No special tax, benefit assessment, or property-related fee
17 or charge is needed.

18 (B) Order the formation subject to the approval by the voters
19 or landowners pursuant to Section 25211.5, in the case where no
20 special tax, benefit assessment, or property-related fee or charge
21 is needed.

22 (C) Order the formation subject to the approval by the voters
23 of a special tax, the approval by the property owners of a benefit
24 assessment, or the approval of property-related fees or charges, as
25 required by law.

26 (g) If the local agency formation commission orders the
27 formation of a county service area pursuant to paragraph (2) of
28 subdivision (f), the commission shall direct the board of supervisors
29 to direct county officials to conduct the necessary election.

30 25211.5. (a) If the local agency formation commission orders
31 the formation of a county service area subject to the approval by
32 the voters pursuant to Section 25211.4 and if the proposed county
33 service area contains no voters, the vote shall be by the owners of
34 land within the proposed county service area.

35 (b) Each landowner shall have one vote for each acre or portion
36 of an acre of land that the landowner owns within the proposed
37 county service area. The number of votes to be voted by a particular
38 landowner shall be specified on the ballot provided to that
39 landowner.

26 Notwithstanding any other provision of this code, building
27 ordinances, zoning ordinances, and any other local ordinances,
28 rules, and regulations of a city or other political subdivision of the
29 state shall not apply to the location, construction, or maintenance
30 of facilities or services related to development pursuant to this
31 section.

32 25213.5. (a) If the board desires to exercise a latent power,
33 the board shall first receive the approval of the local agency
34 formation commission, pursuant to Article 1 (commencing with
35 Section 56824.10) of Chapter 5 of Part 3 of Division 3.

36 (b) Notwithstanding subdivision (a) of Section 56824.14, the
37 local agency formation commission shall not, after a public hearing
38 called and held for the purpose pursuant to subdivisions (b) and
39 (c) of Section 56824.14, approve a county service area's proposal
40 to exercise a latent power if the local agency formation commission

1 determines that another local agency already provides substantially
2 similar services or facilities to the territory where the county service
3 area proposes to exercise that latent power.

4 (c) After receiving the approval of the local agency formation
5 commission, the county service area may exercise that latent power.
6 Within 30 days of the adoption of that resolution, the clerk of the
7 board shall mail a copy of the resolution to the local area formation
8 commission.

9 25213.6. (a) If a board desires to divest a county service area

20 (5) Fix the date, time, and place for a hearing on the question
21 of divesting the power to provide those services and facilities. The
22 hearing date shall be not less than 30 days nor more than 60 days

28 agency that would be required to provide a new or higher level of
29 services and facilities.

30 (c) At the hearing, the board shall consider all written and oral
31 testimony. At the conclusion of the hearing, the board shall take
32 one of the following actions:

33 (1) Adopt a resolution to abandon the proceedings.

34 (2) If the proposed divestiture would not require another public
35 agency other than the county to provide a new or higher level of
36 services or facilities, the board may adopt a resolution that divests
37 the county service area of the power to provide those services or
38 facilities.

39 (3) If the proposed divestiture would require another public
40 agency to provide a new or higher level of services or facilities,

1 the board shall first seek the approval of the local agency formation
2 commission. To the extent feasible, the local agency formation
3 commission shall proceed pursuant to Article 1.5 (commencing
4 with Section 56824.10) of Chapter 5 of Part 3 of Division 3. After
5 receiving the approval of the local agency formation commission,
6 the board may adopt a resolution that divests the county service
7 area of the power to provide those services or facilities.

8 (d) If the board adopts a resolution that divests a county service
9 area of the power to provide a service or facility, the clerk of the
10 board of supervisors shall mail a copy of that resolution to the
11 local agency formation commission within 30 days of the date of
12 adoption.

13 Article 5. Finance

22 adopt a resolution establishing the appropriations limit, if any, for
23 each county service area and make other necessary determinations
24 for the following fiscal year pursuant to Article XIII B of the
25 California Constitution and Division 9 (commencing with Section

29 supervisors may include the proceeds of taxes for all county service
30 areas within the county’s own appropriations limit.

31 (c) Pursuant to subdivision (c) of Section 9 of Article XIII B of
32 the California Constitution, this section shall not apply to any of
33 the following:

34 (1) A county service area which existed on January 1, 1978,
35 and which did not as of the 1977–78 fiscal year levy an ad valorem
36 tax on property in excess of twelve and one-half cents (\$0.125)
37 per one hundred dollars (\$100) of assessed value.

38 (2) A county service area which existed on January 1, 1978, or
39 was thereafter created by a vote of the people, and which is totally
40 funded by other than the proceeds of taxes.

1 (d) This section shall not apply to any county service area that
2 has previously transferred services and all of the property tax
3 revenue allocation associated with those services to another local
4 agency.

5 25214.2. (a) The board may accept any revenue, money, grants,
6 goods, or services from any federal, state, regional, or local agency
7 or from any person for any lawful purpose of the county service
8 area.

9 (b) In addition to any other existing authority, the board may
10 borrow money and incur indebtedness pursuant to Article 7
11 (commencing with Section 53820), Article 7.5 (commencing with
12 Section 53840), Article 7.6 (commencing with Section 53850),
13 and Article 7.7 (commencing with Section 53859) of Chapter 4 of
14 Part 1 of Division 2 of Title 5.

15 25214.3. The board of supervisors may authorize expenditures
16 from the county's general fund on behalf of a county service area
17 and shall repay the county general fund from the funds of the
18 county service area in the same fiscal year.

19 25214.4. (a) The board of supervisors may loan any available
20 funds of the county to a county service area to pay for any lawful
21 expenses of the county service area. The loan shall be repaid within
22 the same fiscal year in which the board of supervisors loaned the
23 funds at a rate of interest, if any, that the board of supervisors shall
24 determine, provided that the interest rate shall not exceed the rate
25 of interest that the county earns on its temporarily idle funds.

26 (b) Notwithstanding subdivision (a), the board of supervisors
27 may extend, by a four-fifths vote, the repayment of a loan for a
28 period that does not exceed three years from the date end of the
29 fiscal year in which the loan was made.

30 (c) Notwithstanding subdivision (a), if the board of supervisors
31 finds that the repayment of the loan may result in an economic or
32 fiscal hardship to the property owners or residents of the county
33 service area, the board of supervisors may, by a four-fifths vote,
34 waive the repayment in whole or part.

35 25214.5. (a) The board of supervisors may appropriate up to
36 two million dollars (\$2,000,000) from any available funds of the
37 county to a revolving fund to be used by county service areas for
38 the acquisition or improvement of real or personal property,
39 environmental studies, fiscal analyses, engineering services,
40 supplies, or any other lawful expenses. The revolving fund shall

1 be reimbursed within 10 years from the date of the disbursement
2 at a rate of interest, if any, that the board of supervisors shall
3 determine, provided that the interest rate shall not exceed the rate
4 of interest that the county earns on its temporarily idle funds.

5 (b) Notwithstanding subdivision (a), if the board of supervisors
6 finds that the reimbursement of the revolving fund may result in
7 an economic or fiscal hardship to the property owners or residents
8 of the county service area, the board of supervisors may, by a
9 four-fifths vote, waive the reimbursement in whole or in part.

11 Article 6. Revenues

13 25215. Whenever the board determines that the amount of
14 revenue available to a county service area or any of its
15 improvement zones is inadequate to meet the costs of operating
16 and maintaining the services and facilities that the county service
17 area provides, the board may raise revenues pursuant to this article
18 or any other provision of law.

19 25215.1. The auditor shall allocate to each county service area
20 its share of property tax revenue, if any, pursuant to Chapter 6
21 (commencing with Section 95) of Part 0.5 of Division 1 of the
22 Revenue and Taxation Code.

23 25215.2. The board may levy special taxes pursuant to Article
24 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of
25 Division 1 of Title 5. The special taxes shall be applied uniformly
26 to all taxpayers or all real property within the county service area,
27 except that unimproved property may be taxed at a lower rate than
28 improved property.

29 25215.3. The board may levy benefit assessments for operations
30 and maintenance consistent with the requirements of Article XIII
31 D of the California Constitution, including, but not limited to,
32 benefit assessments levied pursuant to any of the following:

33 (a) The Improvement Act of 1911 (Division 7 (commencing
34 with Section 5000) of the Streets and Highways Code).

35 (b) The Improvement Bond Act of 1915 (Division 10
36 (commencing with Section 8500) of the Streets and Highways
37 Code).

38 (c) The Municipal Improvement Act of 1913 (Division 12
39 (commencing with Section 10000) of the Streets and Highways
40 Code).

1 (d) The Landscaping and Lighting Assessment Act of 1972
2 (Part 2 (commencing with Section 22500) of Division 15 of the
3 Streets and Highways Code, notwithstanding Section 22501 of the
4 Streets and Highways Code).

5 (e) Any other statutory authorization enacted on or after January
6 1, 2009.

7 25215.4. The board may, by resolution or ordinance do any of
8 the following:

9 (a) Establish user fees, rates, or other charges, provided that
10 they are not property-related fees and charges, for the services and
11 facilities that are not property related that the county service area
12 provides.

13 (b) Provide for the collection and enforcement of those user
14 fees, rates, and other charges in the same manner that the county
15 collects and enforces user fees, rates, and charges for the services
16 and facilities that the county provides.

17 25215.5. The board may, by resolution or ordinance do any of
18 the following:

19 (a) Impose property-related fees and charges for the
20 property-related services that the county service area provides,
21 subject to the requirements of Article XIII D of the California
22 Constitution.

23 (b) Provide for the collection and enforcement of those
24 property-related fees and charges in the same manner that the
25 county collects and enforces property-related fees and charges for
26 the property-related services that the county provides, including,
27 but not limited to, Article 4 (commencing with Section 5470) of
28 Chapter 6 of Part 3 of Division 5 of the Health and Safety Code.

29 25215.6. (a) The board may charge standby charges for water,
30 sewer, or water and sewer services pursuant to the Uniform Standby
31 Charge Procedures Act (Chapter 12.4 (commencing with Section
32 54984) of Part 1 of Division 2 of Title 5).

33 (b) If the procedures set forth in the former Section 25210.77b
34 as it read at the time a standby charge was established were
35 followed, the board may, by resolution, continue to collect the
36 charge in successive years at the same rate from the parcels within
37 the county service area to which water or sewers are made available
38 for any purpose by the county service area, whether the water or
39 sewers are actually used or not. If new, increased, or extended

1 assessments are proposed, the board shall comply with the notice,
2 protest, and hearing procedures in Section 53753.

3 25215.7. Whenever a person installs any facilities, including,
4 but not limited to, facilities for sewer or water service, and the
5 board determines that it is necessary that those facilities be
6 constructed so that they can be used for the benefit of property
7 within a county service area other than the property of the person
8 installing the facilities, and the facilities are dedicated to the public
9 or become the property of the county or the county service area,
10 the board may by contract agree to reimburse that person for the
11 cost of the installation of those facilities. This contract may provide
12 that the board may collect a reasonable fee or charge from any
13 person using those facilities for the benefit of property not owned
14 by the person who installed the facilities.

15
16 Article 7. Capital Financing
17

18 25216. Whenever the board determines that the amount of
19 revenue available to a county service area is inadequate to acquire,
20 construct, improve, rehabilitate, or replace the facilities authorized
21 by this chapter, or to fund or to refund any outstanding
22 indebtedness, the board may incur debt and raise revenues pursuant
23 to this article or any other provision of law.

24 25216.1. (a) Whenever the board determines that it is necessary
25 for a county service area to incur a general obligation bond
26 indebtedness for the acquisition or improvement of real property,
27 the board may proceed pursuant to Chapter 6 (commencing with
28 Section 29900) of Division 3.

29 (b) The total amount of bonded indebtedness incurred pursuant
30 to this section shall not at any time exceed 5 percent of the taxable
31 property within the county service area as shown by the last
32 equalized assessment roll.

33 25216.2. The board of supervisors may finance any enterprise
34 and issue revenue bonds pursuant to the Revenue Bond Law of
35 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of
36 Division 2 of Title 5), and a county service area shall be deemed
37 a “local agency” for the purposes of this chapter.

38 25216.3. The board may levy benefit assessments to finance
39 facilities consistent with the requirements of Article XIII D of the

1 California Constitution, including, but not limited to, benefit
2 assessments levied pursuant to any of the following:

3 (a) The Improvement Act of 1911 (Division 7 (commencing
4 with Section 5000) of the Streets and Highways Code).

13 Streets and Highways Code), notwithstanding Section 22501 of
14 the Streets and Highways Code.

15 (e) Any other statutory authorization enacted on or after January
16 1, 2009.

17
18 Article 8. Zones
19

20 25217. (a) Whenever the board determines that it is in the
21 public interest to provide different authorized services, provide
22 different levels of service, provide different authorized facilities,
23 or raise additional revenues within specific areas of a county
24 service area, it may form one or more zones pursuant to this article.

25 (b) The board shall initiate proceedings for the formation of a
26 new zone by adopting a resolution that does all of the following:

27 (1) States that the proposal is made pursuant to this article.

28 (2) Sets forth a description of the boundaries of the territory to
29 be included in the zone.

30 (3) States the reasons for forming the zone.

31 (4) States the different authorized services, different levels of
32 service, different authorized facilities, or additional revenues that
33 the zone will provide.

34 (5) Sets for the methods by which those authorized services,
35 levels of service, or authorized facilities will be financed.

36 (6) Proposes a name or number for the zone.

37 (c) A proposal to form a new zone may also be initiated by a
38 petition signed by not less than 10 percent of the registered voters
39 residing within the proposed zone. The petition shall contain all
40 of the matters required by subdivision (b).

(d) Upon the adoption of a resolution or the receipt of a valid petition, the board shall fix the date, time, and place for the public hearing on the formation of the zone. The clerk of the board of supervisors shall:

(1) Publish notice of the public hearing, including the information required by subdivision (b), pursuant to Section 6061.

(2) Mail the notice at least 20 days before the date of the hearing to all owners of property within the proposed zone.

(3) Mail the notice at least 20 days before the date of the hearing to each city and special district that contains, or whose sphere of influence contains, the proposed zone.

(4) Post the notice in at least three public places within the territory of the proposed zone.

25217.1. (a) At the public hearing, the board shall hear and consider any protests to the formation of the zone.

(b) (1) In the case of inhabited territory, if at the conclusion of the public hearing, the board determines that more than 50 percent of the total number of voters residing within the proposed zone have filed written objections to the formation, then the board shall determine that a majority protest exists and terminate the proceedings.

(2) In the case of uninhabited territory, if at the conclusion of the public hearing, the board determines that more than 50 percent of the property owners who own more than 50 percent of the assessed value of all taxable property in the proposed zone have filed written objections to the formation, then the board shall determine that a majority protest exists and terminate the proceedings.

(c) If, pursuant to subdivision (b), the board determines that a majority protest does not exist, then the board may proceed to form the zone.

(d) If the resolution or petition proposes that the zone use special taxes, benefit assessments, fees, standby charges, or bonds to finance its purposes, the board shall proceed according to law. If the voters or property owners do not approve those funding methods, the zone shall not be formed.

25217.2. The board may change the boundaries of a zone or dissolve a zone by following the procedures in Sections 25217 and 25217.1, as appropriate.

1 25217.3. A local agency formation commission shall have no
2 power or duty to review and approve or disapprove a proposal to
3 form a zone, a proposal to change the boundaries of a zone, or a
4 proposal to dissolve a zone.

5 25217.4. (a) The board may provide any authorized service,
6 any level of service, or any authorized facility within a zone that
7 the board may provide in the county service area as a whole.

8 (b) As determined by the board and pursuant to the requirements
9 of this chapter, the board may exercise any fiscal powers within a
10 zone that the board may exercise in the county service area as a
11 whole.

12 (c) Any special taxes, benefit assessments, fees, rates, charges,
13 standby charges, or bonds which are intended solely for the support
14 of services or facilities within a zone, shall be levied, assessed,
15 and charged within the boundaries of the zone.

16 (d) The board shall not incur a general obligation bonded
17 indebtedness for a zone pursuant to this section that exceeds 5
18 percent of the assessed value of the taxable property in the zone
19 as shown by the last equalized assessment roll.

20 SEC. 3. Chapter 2.2 (commencing with Section 25210.1) of
21 Part 2 of Division 2 of Title 3 of the Government Code is repealed.

22 SEC. 4. Section 25643 of the Government Code is amended
23 to read:

24 25643. The board of supervisors of a county shall determine
25 each year such sum of money as the board of supervisors deems
26 necessary for fire protection services within the county, excluding
27 therefrom any city or district which is at such time providing fire
28 protection services within such city or district. Except for the costs
29 of forest, range, and watershed fire protection within state
30 responsibility areas as defined in Part 2 (commencing with Section
31 4101) of Division 4 of the Public Resources Code, for which the
32 county is not reimbursed by the state, the taxes for the costs of
33 county fire protection services shall be levied only on property
34 within the county served by and benefitting from county fire
35 protection services, or such costs shall be paid from other
36 nonproperty tax revenues collected within the unincorporated area
37 of the county.

38 Every city or district which provides its own fire protection
39 services, and which prior to March 1 of any year files with the
40 board of supervisors of the county a resolution declaring that such

1 city or district is providing fire protection services within its
2 jurisdiction, shall not be assessed during the following fiscal year
3 and any year thereafter for any portion of the costs of county fire
4 protection services, except for the costs of forest, range, and
5 watershed fire protection within state responsibility areas as defined
6 in Part 2 (commencing with Section 4101) of Division 4 of the
7 Public Resources Code, for which the county is not reimbursed
8 by the state.

9 All property located within a county service area receiving
10 structural fire protection services under ~~Article 5 (commencing~~
11 ~~with Section 25210.50) of Chapter 2.2~~ *Chapter 2.5 (commencing*
12 *with Section 25210)* of this part shall be exempt from any county

10 SEC. 8. Section 56375 of the Government Code is amended
11 to read:

12 56375. The commission shall have all of the following powers
13 and duties subject to any limitations upon its jurisdiction set forth
14 in this part:

15 (a) To review and approve or disapprove with or without
16 amendment, wholly, partially, or conditionally, proposals for
17 changes of organization or reorganization, consistent with written
18 policies, procedures, and guidelines adopted by the commission.
19 A commission shall have the authority to initiate only a (1)
20 consolidation of districts, as defined in Section 56036, (2)
21 dissolution, (3) merger, (4) establishment of a subsidiary district,
22 (5) formation of a new district or districts, or (6) a reorganization
23 that includes any of these changes of organization, if that change
24 of organization or reorganization is consistent with a
25 recommendation or conclusion of a study prepared pursuant to
26 Section 56378, 56425, or 56430 and the commission makes the
27 determinations specified in subdivision (b) of Section 56881.
28 However, a commission shall not have the power to disapprove
29 an annexation to a city, initiated by resolution, of contiguous
30 territory that the commission finds is any of the following:

31 (1) Surrounded or substantially surrounded by the city to which
32 the annexation is proposed or by that city and a county boundary
33 or the Pacific Ocean if the territory to be annexed is substantially
34 developed or developing, is not prime agricultural land as defined
35 in Section 56064, is designated for urban growth by the general
36 plan of the annexing city, and is not within the sphere of influence
37 of another city.

38 (2) Located within an urban service area that has been delineated
39 and adopted by a commission, which is not prime agricultural land,

1 as defined by Section 56064, and is designated for urban growth
2 by the general plan of the annexing city.

3 (3) An annexation or reorganization of unincorporated islands
4 meeting the requirements of Section 56375.3.

5 As a condition to the annexation of an area that is surrounded,
6 or substantially surrounded, by the city to which the annexation
7 is proposed, the commission may require, where consistent with
8 the purposes of this division, that the annexation include the entire
9 island of surrounded, or substantially surrounded, territory.

10 A commission shall not impose any conditions that would
11 directly regulate land use density or intensity, property
12 development, or subdivision requirements. When the development
13 purposes are not made known to the annexing city, the annexation
14 shall be reviewed on the basis of the adopted plans and policies
15 of the annexing city or county. A commission shall require, as a
16 condition to annexation, that a city prezone the territory to be
17 annexed or present evidence satisfactory to the commission that
18 the existing development entitlements on the territory are vested
19 or are already at buildout, and are consistent with the city's general
20 plan. However, the commission shall not specify how, or in what
21 manner, the territory shall be prezoned. The decision of the
22 commission with regard to a proposal to annex territory to a city
23 shall be based upon the general plan and prezoning of the city.

24 (b) With regard to a proposal for annexation or detachment of
25 territory to, or from, a city or district or with regard to a proposal
26 for reorganization that includes annexation or detachment, to
27 determine whether territory proposed for annexation or detachment,
28 as described in its resolution approving the annexation, detachment,
29 or reorganization, is inhabited or uninhabited.

30 (c) With regard to a proposal for consolidation of two or more
31 cities or districts, to determine which city or district shall be the
32 consolidated, successor city or district.

33 (d) To approve the annexation of unincorporated, noncontiguous
34 territory, subject to the limitations of Section 56742, located in the
35 same county as that in which the city is located, and that is owned
36 by a city and used for municipal purposes and to authorize the
37 annexation of the territory without notice and hearing.

38 (e) To approve the annexation of unincorporated territory
39 consistent with the planned and probable use of the property based
40 upon the review of general plan and prezoning designations. No

1 subsequent change may be made to the general plan for the annexed
2 territory or zoning that is not in conformance to the prezoning
3 designations for a period of two years after the completion of the
4 annexation, unless the legislative body for the city makes a finding
5 at a public hearing that a substantial change has occurred in
6 circumstances that necessitate a departure from the prezoning in
7 the application to the commission.

8 (f) With respect to the incorporation of a new city or the
9 formation of a new special district, to determine the number of
10 registered voters residing within the proposed city or special district
11 or, for a landowner-voter special district, the number of owners
12 of land and the assessed value of their land within the territory
13 proposed to be included in the new special district. The number
14 of registered voters shall be calculated as of the time of the last
15 report of voter registration by the county elections official to the
16 Secretary of State prior to the date the first signature was affixed
17 to the petition. The executive officer shall notify the petitioners of
18 the number of registered voters resulting from this calculation.
19 The assessed value of the land within the territory proposed to be
20 included in a new landowner-voter special district shall be
21 calculated as shown on the last equalized assessment roll.

22 (g) To adopt written procedures for the evaluation of proposals,
23 including written definitions not inconsistent with existing state
24 law. The commission may adopt standards for any of the factors
25 enumerated in Section 56668. Any standards adopted by the
26 commission shall be written.

27 (h) To adopt standards and procedures for the evaluation of
28 service plans submitted pursuant to Section 56653 and the initiation
29 of a change of organization or reorganization pursuant to
30 subdivision (a).

31 (i) To make and enforce regulations for the orderly and fair
32 conduct of hearings by the commission.

33 (j) To incur usual and necessary expenses for the
34 accomplishment of its functions.

35 (k) To appoint and assign staff personnel and to employ or
36 contract for professional or consulting services to carry out and
37 effect the functions of the commission.

38 (l) To review the boundaries of the territory involved in any
39 proposal with respect to the definiteness and certainty of those
40 boundaries, the nonconformance of proposed boundaries with lines

1 of assessment or ownership, and other similar matters affecting
2 the proposed boundaries.

3 (m) To waive the restrictions of Section 56744 if it finds that
4 the application of the restrictions would be detrimental to the
5 orderly development of the community and that the area that would
6 be enclosed by the annexation or incorporation is so located that
7 it cannot reasonably be annexed to another city or incorporated as
8 a new city.

9 (n) To waive the application of ~~Section 25210.90~~ or Section
10 22613 of the Streets and Highways Code if it finds the application
11 would deprive an area of a service needed to ensure the health,
12 safety, or welfare of the residents of the area and if it finds that
13 the waiver would not affect the ability of a city to provide any
14 service. However, within 60 days of the inclusion of the territory
15 within the city, the legislative body may adopt a resolution
16 nullifying the waiver.

17 (o) If the proposal includes the incorporation of a city, as defined
18 in Section 56043, or the formation of a district, as defined in
19 Section 2215 of the Revenue and Taxation Code, the commission
20 shall determine the property tax revenue to be exchanged by the
21 affected local agencies pursuant to Section 56810.

22 (p) To authorize a city or district to provide new or extended
23 services outside its jurisdictional boundaries pursuant to Section
24 56133.

25 (q) To enter into an agreement with the commission for an
26 adjoining county for the purpose of determining procedures for
27 the consideration of proposals that may affect the adjoining county
28 or where the jurisdiction of an affected agency crosses the boundary
29 of the adjoining county.

31 to read:

33 a change of organization or reorganization consists solely of
34 ~~annexations, annexations or~~ detachments, ~~or formation of county~~
35 ~~service areas,~~ or any combination of those proposals, the
36 commission, not more than 30 days after the conclusion of the
37 hearing, shall make a finding regarding the value of written protests
38 filed and not withdrawn, and take one of the following actions,
39 except as provided in subdivision (b) of Section 57002.

1 (a) In the case of inhabited territory, take one of the following

3 (1) Terminate proceedings if a majority protest exists in
4 accordance with Section 57078.

6 to confirmation by the registered voters residing within the affected
7 territory if written protests have been filed and not withdrawn by
8 either of the following:

9 (A) At least 25 percent, but less than 50 percent, of the registered
10 voters residing in the affected territory.

11 (B) At least 25 percent of the number of owners of land who
12 also own at least 25 percent of the assessed value of land within
13 the affected territory.

14 (3) Order the change of organization or reorganization without
15 an election if written protests have been filed and not withdrawn
16 by less than 25 percent of the registered voters or less than 25
17 percent of the number of owners of land owning less than 25
18 percent of the assessed value of land within the affected territory.

19 (b) In the case of uninhabited territory, take either of the
20 following actions:

21 (1) Terminate proceedings if a majority protest exists in
22 accordance with Section 57078.

23 (2) Order the change of organization or reorganization if written
24 protests have been filed and not withdrawn by owners of land who
25 own less than 50 percent of the total assessed value of land within
26 the affected territory.
